

## TEMPLETON CRICKET CLUB

Over the last few weeks the Junior Administration organised and performed cricket clinics at our local primary schools. Templeton, Regency Park and Wantirna Primary were once again the schools who accepted our offer to run these clinics.

The clinics were a resounding success with the kids having a fantastic time. The relationship between the Templeton Cricket Club with these three primary schools continues to grow, which is extremely important for the future development of our club. After three years of below average junior player registrations, Templeton now again has two teams in each age group. This is a reflection of the work Steve Johnson put in last season to promote our club by running these clinics.

I would like to give a big thanks to Andrew Teakel, Chris Pantlin, Steven Dewar, Ryan Dennis and Chris Wood for helping run the clinics.

Hayden Surrao
